Organizational chart and processes

Organizational chart for: Government Polytechnic, Aurangabad.

(For All Departments The Structure is Same As Shown For Electrical Department.)

Processes:

Academic Processes:

Programmes are implemented in six semester pattern with elective courses(subjects) offered in V & VI semester. Each Student is required to complete course work of 180 credits with approx. 30 credits earned in each semester. For every subject student has to appear for 3 progressive tests of 25 marks weightage which is assessed internally and term end exam for 75 marks, and pass that subject student shall score 40 marks. Student is assessed continuously for term work and he has to pass practical oral exam of the subject.

[Improved teaching methods, Seminars, case studies, use of multimedia, using PPTs, are method of teaching are adopted for teaching –Learning process.]

The Terminal Evaluation/ External Evaluation (Assessment) processes are as below.

- 1) Term End examination
- 2) Practical / Oral Examination

Practical / Oral Examinations are jointly conducted by the subject teacher as internal examiner and an external examiner from other institute who is appointed by the Exam cell of institute. Both jointly assess students' performance and allot the marks.

Theory papers are assessed by the teacher other than subject teacher, and subject teacher may moderate the theory papers of the subject which he had taught. **About 30% of the examiners** appointed for assessing theory papers **are external.**

All theory examination answer books are masked soon after examination is over, to ensure unbiased assessment. The weightages of marks of Term End examination is about 60%.

Sessional work constitutes progressive tests for each subject, and term work with continuous assessment. Three progressive tests form the sessional work, which are conducted for every course (subject) during the semester and average of best two is considered. Term work is assessed continuously by giving weightages to well pre defined criteria'.

Assessment of student's performance:-

1. Almost all courses have practical, which students have to perform under the supervision & guidance of the subject teacher.
2. In every practical student develop well defined competencies /skills / abilities.
3. To assess their practical performance the task of practical's is divided into skills; students are assessed against these skills by assigning weightage for the skills/abilities.
4. Some weightage is also given for developing positive attitude through practical.

Guidance & Counseling : Students are guided & Counseled for selecting elective courses, admission process, training & placement and projects & seminars.

Nature and Extent of involvement of faculty and students in academic affairs / improvements.

Department guides student in making selection of elective courses. Each faculty member guides student about the importance of the subject. For each class there is class teacher to take care of students difficulties. Students have freedom to select guides for their final semester project. faculty arranges extra classes for solving difficulties identified after each test. Faculty members organize expert lectures and field visits.

• **Mechanism / Norms & Procedure for democratic / good Governance.**

At the beginning of the year meetings of all faculty , Technical staff and Administrative staff is arranged , wherein developmental issues are discussed , different portfolios of institutional activities are decided for a period of one year considering the areas of interest of individual staff. Certain targets are set for developmental activities in the meeting.

At the departmental level subjects are allocated as per the area of interest or specialization. At department level also developmental activities are identified and targets are decided.

• **Student Feedback on Institutional Governance / faculty performance.**

Students feed back regarding academic difficulties and amenities are obtained thro' questionnaire and their difficulties are discussed at department/ institutional level and it is solved by taking students into confidence.

• **Grievance redressal mechanism for faculty, staff and students.**

Grievances of faculty are discussed at department / institutional level thro' views expressed by faculty and staff. Grievances of students are known thro' views, feedback and questionnaire as stated above .
